Fruit Colloidal Mineral-Vitamin is a full spectrum multivitamin, mineral, and colloidal mineral supplement in a great tasting liquid. It provides a full arsenal of nutrients that target and inhibit the free radical damage to DNA that occurs during the natural aging process. Fruit Colloidal Mineral-Vitamin provides all the trace minerals and vitamin cofactors that are essential for a healthy body. The minerals are chelated with amino acids to improve absorption by up to 300%. It is an ideal multiple supplement for children and adults to lend adequate nutritional support to today’s often incomplete diet. Liquid supplements are easier to take and absorbed more quickly than tablets or capsules.

In the June 2002 Journal of the American Medical Association, a scientific review entitled Vitamins for Chronic Disease Prevention in Adults concludes, “Vitamin deficiency syndromes such as scurvy and beriberi are uncommon in Western societies. However, suboptimal intake of some vitamins, above levels causing classic vitamin deficiency, is a risk factor for chronic diseases and common in the general population, especially the elderly. Suboptimal folic acid levels, along with suboptimal levels of B6 and B12, are a risk factor for cardiovascular disease, neural tube defects, and colon and breast cancer; low levels of vitamin D contribute to osteopenia and fractures; and low levels of the antioxidant vitamins [vitamins A, E, and C] may increase risk for several chronic diseases. Most people do not consume an optimal amount of all vitamins by diet alone. Pending strong evidence of effectiveness from randomized trials, it appears prudent for all adults to take vitamin supplements.”

Fruit Colloidal Mineral-Vitamin provides all the trace minerals and vitamin cofactors that are essential for a healthy body. The minerals are chelated with amino acids to improve absorption by up to 300%. Coral calcium is complexed with citric acid to form a calcium citrate that is more bioavailable than ordinary coral calcium. Liquid supplements are easier to take and absorbed more quickly than tablets or capsules. It is an ideal multiple supplement for adults or children to lend adequate nutritional support to today’s often incomplete diet. Fruit Colloidal Mineral-Vitamin is the answer for health and vitality.
Fruit Colloidal Mineral-Vitamin Supplement, the answer for health and vitality

Get a full spectrum multivitamin-mineral and colloidal mineral supplement in a great tasting liquid. Our fruit flavored colloidal mineral elixir is a great way to get everything you need for a balanced, healthy body.

Processing

On-site laboratories are constantly monitored and tested by expert chemists and microbiologists to ensure consistent quality of raw materials, product batches, and finished products. Analyses are conducted to validate content and specifications, assuring high quality.

No Additives

This product contains no starch, salt, preservatives, artificial colors, flavors or additives, and no corn, wheat, yeast, soy, or milk derivatives.

FDA Drug Manufacturing Standards

MBi Nutraceuticals operates its own FDA licensed Drug Manufacturing facility. Our standard operating procedures are based on “Current Good Manufacturing Practices” as defined by the Food and Drug Administration. MBi ensures the highest quality nutraceuticals by applying our drug manufacturing procedures to every nutritional, herbal, food, homeopathic, and personal care product we make.
